---

Nick and Everett,

Below is the Documentum link to the 64-page project description of MUP 12-007 - Soitec Rugged Solar. There is a section devoted to Construction Traffic and Ongoing Traffic.

Project Description:

<http://webtop-dctm/lueg/drl/objectId/0900f48e8071cbb3>

Below are the comments made at the Pre-App MPA 11-018, held October 22, 2011:

3 - 1	Traffic Analysis	The project description will need to be expanded to include the Operation and Maintenance component for this project with the number of Average Daily Trips (ADT), in order to document if there are any direct impacts to the roadway network generated from the implementation of this project. Cumulative impacts will be mitigated by payment of the Transportation Impact Fee (TIF).
3 - 2	Traffic Analysis	In order to determine if a Traffic Analysis is required, please review the Transportation and Traffic Guidelines for Determining Significance and Report Format and Content Requirements. Additional information can be obtained in the following link: <a href="http://www.sdcounty.ca.gov/dplu/docs/Traffic_Guidelines.pdf">http://www.sdcounty.ca.gov/dplu/docs/Traffic_Guidelines.pdf</a>

Are there any further studies needed? Does the project description need to be revised?  
The project number is 11-0159228

Thanks,

**René A. Vidales, PE** Civil Engineer
